Pure Wines and Liquors, for Medicinal Purposes.

Physician's, Druggists and invalide have often experienced the almost impossibility of procuring a pure wine of liquor in the country, when it becomes necessary to use it for the restoration of health. The arrangements of the Graffenburg Company for the purpose of guarding against imposition and adulteration, both in Europe and thiscountry, are complete, and any bottle bearing their seal, may be regarded as unquestionably pure and unadulterated. [REO. L. SLOAN. TO THE FARMERS OF TENNESSEF.

The undersigned having procured the exclusive right to this State, affers forsale, First Fremi um Machine:
MANNY'S FATENT ABJUSTABLE NOGTHERIN ILLINOIS REAFER AND MOWER.

Awarded the first premium for mowing, and the second for reaping, at the New York State Fair, in the great trial at Geneva and New York, in July, in competition with eleven other Machines; awarded a Silver Medal at the Ohio State Fair for the best reaping and mower; and received the highest award at the Vermont and Michigan State Fairs, for the best reaping and mowing machine.

The true merit of this Machine has given it a great triumph over all others, and being a perfect combination of a Reaper and Mower, it comes to the farmer with double value; and it is clearly demonstrated to be the only successful combination of Reaper and Mower.

As a mower it is simple and as perfect as though constructed expressly for mowing, and as a Reaper it is as simple and perfect as if constructed for reaping only—all the change that is necessary from one plan to the other, is to insert er remove a loose platform.

With a pair of horses, one drver, the Machine will mow from 15 to 20 zeros per day, depending on the ground. It will reap the same quantity requiring two hands, in running over broken ground. The driver can lower or elevate as he may choose.

The price of the Machine, delivered at Nashville, is \$250. TO THE PARMERS OF TENNESSEE.

DR. ARNOLD'S UNION PILLS.

GRESS lines, Team, January 13, 1852.

Dr. Arrond-Dear Str.—I consuler it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with disaspsia, and constitution of the bowels; at times alarming me greatly, I used every other remedy, at times alarming me greatly, I used every other remedy, at times that I ever read or bead of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more, as I infecred under great debility, and my stouach was greatly injured by taking the different Pills, medicine, Au; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the recicine for me. I have not yet used quite one vial, and can now say to you with the utinost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes bave had syvaptoms of fever—at the first complaint I have given them one or two Pills, and never had to repeat the dose but ones, which effected a cure. Your office medicines used by my family, heve had the most happy effect. I shall always keep a supply of your Pills on hand, and I think that no one, laboring as i have under great debility and dyspepsia, with all the evil consequences, but what would, after a use of your medicines, jour me in saying the same of them.

Messrs, Scotti, & Mean—Gentlemen: The Hebrew Plaster is becoming popular in this section. There is a lady in this county who says she would not be without this Plaster for fire hundred deliars a year. She was afflicted for some time with an enlargement of the spicen, which gave her agreet deat of pain. The swelling and pain had extended agrees deal of pain. The sweating and pain that extended up nearly to the arm-pit, and occasionally she could scarcely breathe. She was contined for a considerate time, during which she was attended by some of our best physicians, but they gave her no relief. She procured a box of the Hebrew Plaster, and it relieved her almost immigutely, and now she keeps a supply of it on hand constantly. These facts you are at liberty to use as you think proper—they are substantially true.

HEAT CURE FOR DESPENSA - ANOTHER ME DR. J. S. HOUGHTON'S .

THE TRUE DIGESTIVE FLUID, OR CASTRIC JUICE, PREPARED from Rennet, or the Fourth Stamach of the Ox, after the directions of Baron Liebig, the great Physiological Chemint, by J. S. Boughton, M. O., Philadelphin,

Penn.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roast beaf in about two hours, out

or dissolve five pounds of reast beaf in about two hours, out of the stomach.

Pepsin is the chief element or digesting principle of the Gentric Juice—the solvent of the food, the puritying, preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive finit precisely like the natural Gestric-Juice in its chemical powers, and furnishing a complete and perfect-substitute for it. By the aid of this preparation, the pains and axis of Indigestion and Dyspepsis are removed just as they would be by a healthy stomach. It is doing wonders for despepties, during cases of Dability, Ennaciation, Nerrous Decline and Dyspepsic Consumption, supposed to be on the verse of the grave. The scientific evidence upon which it is based is in the highest degree curious and remarkable.

Scientific Evidence.—Bares Lieb z in his celebrated

Scientific Evidence. Baren Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, amiliagous to the Gastrie Juice, may be prepared from the nuccus membrane of the stomach of the Ox, in which various articles of food, as ment and eggs, will be softened. changed and digested, just in the same manner as they would be in the numan stormach.

Dr. Preira, in his famous tree as on "Food and Dist,"

be in the numan storacch.

Dr. Preira, in his famous trea as on "Food and Dist," published by Fowler & Wella, New York, page 25, states the same great fact, and describes the method of purparatised. There are few higher authorities than Dr. Priera.

Dr. Combe, in his valuable writings on the "Paysiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a promittent and all-prevailing cause of Drygesia; "and he states that "a distinguished professor of medicine in Loudon, who was severely afficied with this complaint, finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macernted in water, impart to the flaid the property of dissolving various articles of Seod, and of effecting a kind of artificial digestive process."

Dr. Simon's great work, the "Chemistry of Mau," (Lee & Blanchard, Philadelphia, Lore, pp. 201-2) mys: "The discovery of Pepsin forms a new era in the chemical history of digestion. From rescent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, persagred from Pepsin, as it is in the natural Gastric Juice inself."

Professor Dumgison, of the Jeffers of Calege, Philadelphia, in his great work on Human Physiology, devokes more than fifty pages to an examination of this subsect. His experiments with Dr. Beaumont, on the Gastric Juice obtained from the hydrog luman stomach, and from animals, are well known, "In all cases," be save, "devokes coverred as zer-

ments with Pr. Beaumond, on the Gastrie Juice obtained from the living human atomach, and from animals, are well known. "In all cases," be says, "direction occurred as perfectly in the artificial as in the natural direction."

Dr. John W. Braper, Professor of Chemistry in the College of the University of New York, to his "Text Book of Chemistry," page 850, says; "It has been a question whether artificial digestion could be performed—but a is non-independently admitted that it may be."

Dr. Corrector external and work on Physiology, which is by

Br. Carpenter standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecing the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the stemach of the calf or ox, and used for experiments in artificial digestion, or as a remedy for discusses of the stomach, and deficient secre-

tion of the Gastric Juice.

All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsiu, and state many interesting de alls respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural limit, may be reachly prepared, does not admit of question. The only wonder is, that it has not before been applied to the care of Indigestion and Dyspersia—so naturally does anch a use suggest itself to the

As a Dyspepsia Curer, Dr. Houghton's Pepsin has produced the most marvellous effects, in cases of Deblity, Emacation, Nervous Decline, and Despeptic Consumption, It is impossible to give the details of cases in the limits of this advertisement; but authenticated on tificates have been given of more than two hundred remarkable cares, in Phil-ndelphia, New York and Boston alone. These were nearly all desporate cases, and the cures were not only rapid and war

deriot, but permanent.

It is a great nervous antidote, and particularly useful for tendency to Billious Disorder, Liver Complaint, Fever and Ague, or hadly treated Fever and Ague, and the evil effects of Oninine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ordent spirits. It almost reconciles health

Old Stomach Complaints,—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives to stant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Furity of blood and vigor of body follow at once.
